

POWERSOLVE

Heavy-duty adhesive, ink and resin remover

POWERSOLVE contains specially selected solvents to provide rapid penetration and removal of ink, resin, glue and sealant residues.

ADVANTAGES

Powerful and fast acting.

Removes residues of ink, resins, glues and sealant.

Quick drying.

Totally soluble in water, so residues can be washed off easily.

TYPICAL APPLICATIONS

- Will remove excess adhesive and sealant from panels in boat, bus and vehicle manufacture or repair.
- Provides a versatile ink and dye remover for the printing industry.
- Removes marker dyes from fabricated components.
- May be used to clean sprayers, machinery and equipment applying paints, adhesives and sealants.

APPLICATION INSTRUCTIONS

Apply undiluted as a light spray or with a brush or swab. Allow a short contact time to allow Powersolve to penetrate and soften residues, agitate as required and wipe away with a clean cloth. Residues may also be rinsed away with water. Powersolve may also be used in dip tank applications.

Notes: Always pre-test plastic, painted or rubber surfaces for compatibility prior to application.

POWERSOLVE

Heavy-duty adhesive, ink and resin remover

TECHNICAL DATA

APPEARANCE	Clear colourless liquid
ODOUR	Sweet solvent
SOLUBILITY	Completely soluble in water
FLASH POINT (°C)	43°C
PACK SIZES	20lt

PRECAUTIONS

Wear suitable protective equipment, avoid inhalation of vapours.

STORAGE PRECAUTIONS

Store at temperatures between 4°C and 40°C in a dry, cool and well-ventilated place.

HEALTH AND SAFETY

Refer to Safety Data Sheet (available on request).
